## VII. NATIONAL STANDINGS LIST

The USTA will publish National Standings Lists in each junior age division. The USTA Junior Competition Committee determines the criteria for the National Standings Lists, the method of calculation, and the frequency with which the lists are published, and will publish this information.

### REGULATION VII.C. COMMENT:

#### National Standings Lists (NSLs) Criteria for Inclusion

- Player must meet the age eligibility requirements of the division;
- Player must have played at least one Junior Ranking Tournament in the division or the next-younger division (see **Regulation IX.E.** for list of Junior Ranking Tournaments); and
- Player must have accumulated at least 1 Ranking Point as the result of an on-court win. An on-court win is one that takes place on-court after the start of the match. Matches won by withdrawal, walkover, default, or disqualification prior to the start of the match are not considered on-court wins. Matches won by winning a match point, or if the opponent retires or is defaulted after the start of the match are considered on-court wins.

#### Method of Calculating NSLs

- 100% of the singles ranking points from a player's 6 best Junior Ranking Tournaments.

- 100% of the singles bonus points earned at BG18 ITF Bonus-Point Only Events on the National Junior Tournament Schedule.
- 15% of the ranking points from a player's best 6 doubles and/or mixed doubles Junior Ranking Tournaments played. (When a Team Tournament is played and a player earns ranking points in both doubles and mixed doubles, the total points earned in doubles and mixed doubles at the tournament are used to determine whether the tournament is among the player's best 6.)
- Ranking Points at the percentages listed above earned in an older age division tournament count towards a player's standing in one or more younger age divisions provided that a Junior Ranking Tournament has been played in the division and they are among the player's best 6 results.
- 20% of the Ranking Points earned in a younger age division tournament count towards a player's standing in the next-older age division if they are among the player's best 6 results, regardless of whether a Junior Ranking Tournament has been played in that division.

The order of the NSLs is based on Ranking Points earned during the previous 12-month rolling period. When more than one player has the same number of total Ranking Points, tie-breaks on an NSL will be determined in the following order:

1. A player whose best event has the highest number of Ranking Points, second best, third best, etc. through sixth event;
2. Total Bonus Points earned in all events played during the computation period; then
3. Best random draw number.

When National Standings Lists are used to select players for closed Section and District tournaments, the lists will be filtered to only list players who meet the residency requirements of the Section or District, respectively.

When National Standings Lists are used to select players for tournaments that require U.S. Citizenship or certain other Alien eligibility, the lists will be filtered to only list players who meet these requirements.

### Seeding Lists

The USTA publishes Singles Seeding Lists that are used to seed junior singles events and Individual Doubles Seeding Lists that are used to select teams in to the USTA National Doubles Championships and other designated tournaments, and to seed junior doubles and mixed doubles tournaments - see **Table 1** for USTA Junior National Tournament seeding criteria. These lists are created using the same criteria as the NSLs, except that:

- Only the 6 best singles results are used for the Singles Seeding Lists; and
- Only the best 6 doubles and/or mixed doubles results are used for the Individual Doubles Seeding Lists.

### Publication of NSLs and Seeding Lists

National Standings Lists and Seeding Lists will be published at least monthly.

The USTA shall calculate this portion of a Sectional Association's quota by multiplying this ratio by the total quota in **Table 5**.

#### **REGULATION VIII.J. COMMENT:**

##### **MULTIPLE ENTRIES: PLAYERS HAVE TWO OPTIONS**

##### **Players Choose ONE of the Following Options, but NOT Both:**

- OPTION 1: Enter any ONE Division of TWO Concurrent USTA National Level 3 Tournaments (this may be a different division in each tournament); OR
- OPTION 2: Enter TWO Divisions of ONE USTA National Level 3 Tournament

##### **Players may PLAY in only ONE division of ONE tournament.**

**Players who enter three (3) or more divisions will be given 5 suspension points for being improperly entered in concurrent tournaments and will only be selected into a maximum of two divisions.**

##### **OPTION 1: ONE Division of TWO Concurrent Tournaments**

- Prior written permission of both Tournament Committees is NOT required to enter TWO concurrent USTA National Level 3 Tournaments.
- Tournament Committees will publish the selection and alternate lists no later than 2 days after entries close.
- A player accepted into both tournaments must notify both tournaments no later than 5 days after entries close (Tuesday following entry deadline) as to which tournament they will be playing, and the player will be refunded their entry fee (but not the processing fee). Failure to withdraw by the deadline absolves the tournament from which the player is withdrawing from their obligation to refund the entry fee. If a player remains on more than one competitor list 12 days following the entry deadline (second Tuesday after entry deadline), that player will be removed from BOTH events.
- If a player has not been accepted into any tournament, the player may remain on the alternate lists of both tournaments, but upon acceptance into one, they may not withdraw from that tournament to play in another.
- Under no circumstances may a player, after being accepted into one concurrent tournament, withdraw and play in another. Doing so shall result in the assessment of 4 suspension points for withdrawing for reason other than injury, illness, or personal circumstance.

##### **Option 2 Procedure: TWO Divisions of ONE Tournament**

- When a USTA National Level 3 Tournament includes more than one age division, a player may enter up to two age divisions of that tournament.
- The Tournament Committee shall select players who have entered two divisions in descending age division

order: 18; 16; 14; and 12. If a player is entered in two age divisions of a USTA National Level 3 Tournament and is selected into the older division, that player is not eligible for selection into the younger age division, even if there are openings in the younger age division at the time of selection or thereafter. If a player is not selected for the older age division, that player is only eligible for selection in the younger age division.

- If a player is not selected for either age division, that player is only eligible to be an alternate for the younger age division.

### **SELECTION PROCESS**

- **Selection:** Players are accepted into a USTA National Level 3 Tournament using the most recently published National Standings List as of the date entries close.
- **Alternates:** Alternates are ordered using the same National Standings List used to select players into the tournament. 6. **Approval of sanctions.** The USTA Junior Competition Committee shall review only the applications from:
  - Applicants approved by Sectional Associations;

The committee shall approve or disapprove applications as soon as possible after the application deadline. ## GLOSSARY

**8-Game Pro Set.** An 8-game pro set is a scoring system used in junior ranking tournaments that consists of one set in which the first player to eight games wins the match. A 7-Point Tiebreak is played if the score reaches 8 games all.

**10-Point Match Tiebreak.** The 10-Point Match Tiebreak is played in some matches in lieu of the deciding final set. The first player or team to win 10 points by a margin of at least 2 wins the final set 1-0 and the match.

**Additional USTA National Tournaments.** These are additional tournaments sanctioned by the USTA Junior Competition Committee that count for national ranking.

**Alphabetical Seeding.** In some cases the Tournament Committee may group seeded players together and assign each of them the same seed (for example, in the group 5-8, each player in the group would be assigned the fifth seed).

**Alternate.** An alternate is a player who did not make it into the draw but requests that the tournament consider the player for entry into the draw if an opening in the draw develops.

**Alternate List.** The alternate list is a list of players not accepted into a tournament. After entries close, the Tournament Committee will typically publish an ordered alternate list showing the order in which the alternates will be accepted if there is a withdrawal.

**Back Draw.** This term is commonly used to describe the consolation part of a Feed-In Championship draw.

**Bonus Points.** Bonus points are additional ranking points that are awarded for wins over highly ranked players.

**“Closed” Tournaments.** Tournaments designated as “closed” are open to players who meet the residency requirements in a specific geographic boundary. Closed Section Level 3, 4 and 5 Tournaments and Intrasectional Level 2 Team Tournaments are open only to residents of the Sectional Association. Closed District Level 5 Tournaments are open only to residents of the District Association.

**Closed Section Level 3 Tournaments.** These are Junior Ranking Tournaments sanctioned by the Sectional Associations that have been assigned a Ranking Level 3 and are intended for advanced level players. Up to 2 may be held annually in each Sectional Association.

**Combined Ranking.** A combined ranking is a ranking that is based on both singles and doubles Ranking Points.

**Compass Draw.** This is a non-elimination format that is so named because players advance in four to eight different directions depending upon when they lose their first match and when they lose their subsequent matches.

**Computerized List Method of Seeding.** This seeding method is based on a computerized system of rankings or standings.

**Consolation Draw.** A consolation draw describes a group of different types of draws in which losers in the main draw play an additional match or matches against other players who have lost a match in the main draw.

**Curtis Consolation.** A 64-player Curtis Consolation is a form of Feed-In Championship that feeds losers from the Round of 16 and the Round of 32 into the Feed-In Consolation and the losers from the Round of 16 and quarterfinals into a separate draw to play for 5th and 6th place.

**Date Block.** A date block is a date or group of dates over which a tournament has been sanctioned to take place. Regulation III places limits on the number of days tournaments sanctioned by the Sectional and District Associations may take place.

**Direct Acceptance List.** This is a list of the standings of the top players that is used to determine which junior players are automatically selected for the USTA National Championships.

**District Associations.** The term “District Associations” applies equally to any subdivisions of Sectional Associations.

**Division.** Division refers to one or two events in a tournament in which the eligibility criteria are identical. For example, the Girls' 16 Singles and Girls' 16 Doubles are two events but only one division because their eligibility criteria are identical.

**Feed-In Championship (FIC).** This term refers to a type of consolation draw in which the losers of multiple rounds from the main draw are fed back into a consolation draw. There are three types of Feed-In Championships played at Junior Ranking Tournaments:

- An FIC that feeds players in through the Quarterfinals;
- An FIC that feeds players in through the Round of 16 and includes a quarterfinal playoff for 5th place;
- A 64-player Curtis Consolation that feeds losers from the round of 16 and the round of 32 into the Feed-In Consolation and the losers from the round of 16 and quarterfinals into a separate draw to play for 5th and 6th place; and
- A Modified FIC that feeds the first two rounds of losers into the consolation.

**Flighting.** This is a method of distributing players entered in an event into separate draws so that players of the same level are in the same draw and compete against each other. For example, assuming there are four draws (A-D) and 16 players entered, the distribution would be:

DRAW A (Strongest flight)	DRAW B	DRAW C	DRAW A (Weakest flight)
1	5	9	13
2	6	10	14
3	7	11	15
4	8	12	16

**Gold Ball Event.** This refers to the highest level of national competition at which USTA Gold, Silver, and Bronze Balls are awarded.

**Intersectionals.** These are national team tournaments held in the 14, 16 and 18 Divisions. Teams compete against teams from the other Sectional Associations. In the 18 divisions, these competitions are now known as the USTA Boys' 18 National Team Championships and the Girls' 18 National Team Championships.

**Intersectional Level 2 Team Tournaments.** Two or more Sectional Associations may sanction one Intersectional Level 2 Team Tournament that will be assigned a Ranking Level 2. One Sectional Association's team competes against team(s) from the other Sectional Association(s). These team tournaments are intended for advanced players.

**Intrasectional Level 4 Team Tournaments.** A Sectional Association may sanction one Intrasectional Level 4 Team Tournament that will be assigned a Ranking Level 4. These closed team tournaments are intended for advanced players residing within the Sectional Association.

**ITF Rules of Tennis.** The ITF Rules of Tennis are the rules for the sport of tennis. They are made by the International Tennis Federation (ITF). The USTA, as a member of the ITF, has agreed that the ITF Rules of Tennis apply to all USTA sanctioned tournaments.

**ITF Tournaments on the National Junior Tournament Schedule.** The ITF Tournaments on the National Junior Tournament Schedule are tournaments jointly sanctioned by the ITF and USTA that are placed on the National Junior Tournament Schedule. These tournaments are played under ITF tournament regulations.

**Junior Ranking Tournaments.** These are the tournaments that are used for national junior rankings. A list of the tournaments is found in Regulation VIII.D.

**Late Entry.** A late entry is one that is received after the entry deadline. The Tournament Committee determines whether late entries will be accepted. In tournaments with limited draw sizes, late entries are placed on the alternate list after timely entries in the order received. Late entries received at the same time are ordered by lot.

**Main Draw.** The main draw is that part of a draw in which the remaining players have not yet lost a match.

**Match Format.** The match format refers to the scoring format used by a tournament.

**Modified Feed-In Championship (MFIC).** This term refers to a special form of consolation draw in which the losers from at two or more rounds of the main draw are fed into the consolation draw. In Junior Ranking Tournaments, the only form of Modified Feed-In that is used is one that feeds in the losers from the first two rounds.

**National Standings List.** This is a monthly standings list of junior players in each age division used for selection and seeding. When it is used for a closed Sectional or District tournament, it can be filtered to only include residents of a Sectional or District Association. When citizenship or certain alien eligibility is required for acceptance, the lists can also be filtered to include only players who meet these requirements.

**“Open” Tournaments.** Tournaments designated as “open” are open to all players, regardless of their residence. All tournaments are “open” unless the word “closed” is part of the title or the tournament is a team competition between teams of players representing Sections or Districts.

**Personal Circumstance.** A bona fide reason other than illness or injury for not playing is a personal circumstance. Personal circumstance generally describes a situation in which a player has a serious or genuine reason for not playing. A Referee should give a player the benefit of the doubt when deciding whether the reason is bona fide. The inability of a junior to play because an adult who is not the junior’s parent or coach decides to go home is a personal circumstance. On the other hand, wanting to get home to play in another sporting event or for the convenience of the junior or an adult who is the player’s parent or coach is not a personal circumstance.

**Place Playoff.** A place playoff is a match that is played to determine a player’s final place in the tournament such as a third place playoff or a seventh place playoff in a Feed-In Championships.

**Quota.** Each Sectional Association is guaranteed a minimum number of junior players who will be accepted into the USTA National Championships. This number is the Sectional Association’s quota. It is based on the number and strength of junior members residing in the Sectional Association.

**Points Per Round.** Points Per Round are the ranking points that are awarded in a Points Per Round Ranking System.

**Points Per Round Ranking System.** This is a method of ranking players or teams that is based on earning ranking points for the round reached, and in some cases, for wins over highly ranked players or teams.

**Ratings.** Ratings are a system of categorizing or grouping players by their ability. Ratings are based on a player’s match results. JNTRP is a USTA junior rating system that helps match opponents of similar skill levels. Any rating system may be used for selection, seeding, and separating players into more than one draw unless its use has been restricted by the USTA.

**Section Level 3 Tournaments.** See Closed Section Level 3 Tournaments.

**Section and District Level 7 Tournaments.** These are Junior Ranking Tournaments sanctioned by the Sectional and District Associations that have been assigned a Ranking Level 7 and are intended for low intermediate players.

**Sectional Quota List.** These are lists of players from each Sectional Association used for selection into the USTA National Championships that have Section Quota. See also “Quota.”

**Seeding Groups.** Seeding groups refer to 1, 2, 3-4, 5-8, 9-16, and 17-32 seeds.

**Single-Elimination Format.** In this tournament format, once you lose you are out and do not get to play any additional matches.

**Timed Matches (Game Format).** A Timed Match (Game Format) format consists of an ongoing set during which the players continue playing games until the end of the specified period of time. The player who has won the most completed games wins the match. If the game score is tied, the player ahead in the game in progress is the winner. If a game is not in progress or the score in the game in progress is tied, one final point is played to determine the winner. The player due to serve the next point shall serve the final point.
