The criteria will be published in Table 1.

B. Procedure for Selecting Teams for Limited Adult Division Draws Using National Standings Lists. When a doubles or mixed doubles draw size in an Adult Division is limited, teams will be selected using the most recently published individual doubles or mixed doubles National Standing List of the Division. Teams will be seeded in the order of their combined individual standings (For example, Player A holds the #1 standing and Player B holds the #10 standing. The Team of A&B would have the combined standing of 11). If there is a tie, the team with the player that has the highest individual doubles standing on the list must be seeded in the higher position. If a player has no standing, for the purpose of determining the combined standing, this player will be assigned a standing one lower than the last player on the individual doubles or mixed doubles National Standing List.

TABLE 1 • National Standings List (NSL) Criteria

Eligibility Criteria to Appear on a National Standings List

- Players must have a current USTA membership.
- Players must reside within the geographic boundaries of the USTA or be Canadian citizens and landed Canadian immigrants who reside in British Columbia, provided that they were USTA members for at least one month during 2010 and so long as they do not allow their USTA memberships to lapse for a period of more than six months.
- Players must have accumulated at least 1 ranking point during the previous 52-week period (the “NSL Rolling Period”).

NSL Calculation

National Standings Lists in the Adult and Family Divisions will be calculated using the same method used to calculate ranking lists as described in **Regulation IX.F.5.**, except that the NSL Rolling Period is used.

Breaking Ties

The order of the NSL is based on ranking points earned during the previous 12-month rolling period. When more than one player has the same number of total ranking points, tie-breaks on an NSL will be determined in the following order:

1. Most total points earned in tournaments assigned as a Level 1 Ranking Tournament
2. Most total points earned in tournaments assigned as a Level 2 Ranking Tournament
3. Most total points earned in tournaments assigned as a Level 3 Ranking Tournament
4. Most total points earned in tournaments assigned as a Level 4 Ranking Tournament
5. Most total points earned in tournaments assigned as a Level 5 Ranking Tournament
6. Most total points earned in tournaments assigned as a Level 6 Ranking Tournament

XI. ADULT AND FAMILY NATIONAL SANCTIONING REGULATIONS

The provisions of USTA Regulations XVII.A. apply to the sanctioning of Adult and Family national tournaments unless modified by this **Regulation XI**.

A. Primary Host Site Must be Organization Member. The primary host site of each tournament listed in **Regulation V** must be an Organization Member.

B. Sanctioning Process. This process applies to all tournaments listed in **Regulation VI**, except those tournaments that the USTA Adult Competition Committee has determined will not be put out for bid and will instead be assigned to a sanction holder by the Committee.

1. *Submission of application.* The applicant submits the application on the USTA-approved form to the USTA Adult Competition Committee.

Regulation XI.B.1. Comment: The online sanction application form may not gather all of the information needed by the Committee to evaluate the bid. If additional information is needed, it will be submitted in writing to the Committee by the deadline.

2. *Application deadlines.* The USTA Adult Competition Committee sets the application deadlines and notifies the Sectional Associations and current sanction holders of these deadlines.

Regulation XI.B.2. Comment #1: The USTA Adult Competition Committee has set the application deadline for national tournaments as July 1 of the year before the start of the tournaments.

Regulation XI.B.2. Comment #2: The USTA staff is responsible for publicizing the process for submitting applications for national tournaments and the deadline by which applications are due. Generally, this information is published on the USTA website, is sent to existing sanction holders, and is sent to Sectional Associations, which are asked to forward the information to potential applicants.

3. *Approval by Sectional Associations.* Each Sectional Association approves or disapproves the applicants from its Sectional Association, except as set forth in **Regulation X.B.4** below. If a Sectional Association disapproves an applicant, the USTA Adult Competition Committee will not consider that particular application.
4. *Sectional Association approval not required when it submits competing application.* When a Sectional Association has submitted a competing application for a tournament, the USTA Adult Competition Committee approves or disapproves all applicants from that Sectional Association for that tournament.
5. *Notice to competing applicants of Category I USTA Adult and Family National Championships of their right to appear before appropriate competition committee.* The chair or the chair's designee will inform all applicants of competing applications for the USTA Level 1 Adult and Family National Championships and may require them to submit additional information in order to consider the competing applications. Representatives of all applicants will be permitted to appear in person, by proxy, or by electronic means to make presentations to the USTA Adult Competition Committee in support of their applications at all meetings in which applications are considered.
6. *Approval of sanctions.* The USTA Adult Competition Committee will review only the applications from:
 - Applicants approved by Sectional Associations;
 - Sectional Associations; and
 - Applicants that are not subject to approval or disapproval by a Sectional Association because the Sectional Association submitted a competing application. The committee approves or disapproves applications as soon as possible after the application deadline. Upon approval of a sanction, the chairperson or the chairperson's designee will notify the successful applicant. If the committee does not approve any application, or any approved applicant declines or is unable to host the tournament, then the committee may select a sanction holder to host the tournament.
7. *Tournament contract.* No sanction approval is considered final until the applicant completes and returns a

tournament contract in the form approved by the USTA Adult Competition Committee and payment of the sanction fee (see **Regulation XI.C.**) has been received.

Adult and Family Ranking Tournaments. These are the tournaments that are used for rankings.

All-Factors Method of Seeding. This seeding method is based on the players' chances of winning the tournament as determined by the Tournament Committee.

"Closed" Tournaments. Tournaments designated as "closed" are open to players who meet the residency requirements in a specific geographic boundary. For example, Closed Section Level 4 Adult and Family Tournaments are open only to residents of the Sectional Association.

Closed Section Level 4 Adult and Family Tournaments. These are Adult and Family Ranking Tournaments sanctioned by the Sectional Associations that have been assigned a Ranking Level 4 and are closed to residents of the Section.

The Code. The Code is a summary of the procedures and unwritten rules that custom dictates that players follow. **USTA Regulation IV.B.** requires players to follow The Code in all matches without officials.

Compass Draw. This is a non-elimination format that is so named because players advance in four to eight different directions depending upon when they lose their first match and when they lose their subsequent matches.

Computerized List Method of Seeding. This seeding method is based on a computerized system of rankings or standings.

Consolation Draw. A consolation draw describes a group of different types of draws in which losers in the main draw play an additional match or matches against other players who have lost a match in the main draw.

Curtis Consolation. A 64-player Curtis Consolation is a form of Feed-In Championship that feeds losers from the round of 16 and the round of 32 into the Feed-In Consolation and the losers from the round of 16 and quarterfinals into a separate draw to play for 5th and 6th place.

Date Block. A date block is a date or group of dates over which a tournament has been sanctioned to take place.

Default. A default occurs when a player is eliminated from an event under the Point Penalty System (which includes penalties for lateness) or refuses to play for reasons other than injury, illness, or personal circumstance. It is also considered a default when a junior does not start a match because of an adult deciding to discipline the junior. (Note that failure to finish a match because of an adult discipline is considered a retirement.)

Disqualification. A disqualification occurs when a player is removed from an event because the player was ineligible for the event.

District Associations. The term “District Associations” applies equally to any subdivisions of Sectional Associations.

Division. Division refers to one or two events in a tournament in which the eligibility criteria are identical. For example, the Adult NTRP 4.0 Women’s Singles and Adult NTRP 4.0 Women’s Doubles are two events but only one division because their eligibility criteria are identical.

Event. In the narrow sense, this term refers to one draw in a tournament. For example, the Men’s Open Singles and Men’s Open Doubles are two separate events within the same division—the Men’s Open division. The main draw, any associated consolation, and place-playoffs are considered one event. Sometimes this term is also used to refer to an entire tournament.

Feed-In Championship (FIC). This term refers to a type of consolation draw in which the losers of multiple rounds from the main draw are fed back into a consolation draw. There are four types of Feed-In Championships played at Adult and Family tournaments:

- An Modified Feed-In Championship that feeds the losers from the first two rounds of the main draw into the consolation draw and includes a playoff for 3rd place;
- An FIC that feeds players in through the Quarterfinals and includes a playoff for 3rd place; and
- An FIC that feeds players in through the Round of 16 and includes a quarterfinal playoff for 3rd place and for 5th place; and
- A Curtis Consolation that feeds losers from the round of 16 and the round of 32 into the Feed-In Consolation and the losers from the round of 16 and quarterfinals into a separate draw to play for 5th and 6th place.

First Match Consolation. This is a consolation draw in which the losers in the first round and those second round losers who advanced to that round by virtue of a bye or a default are entered into the consolation draw.

Flighting. This is a method of distributing players entered in an event into separate draws so that players of the same level are in the same draw and compete against each other. For example, assuming there are four draws (A-D) and 16 players entered, the distribution would be:

DRAW A (Strongest flight)	DRAW B	DRAW C	DRAW D (Weakest flight)
1	5	9	13
2	6	10	14
3	7	11	15
4	8	12	16

Gold Ball Event. This refers to the highest level of national competition at which USTA Gold, Silver, and Bronze Balls are awarded.

ITF Rules of Tennis. The ITF Rules of Tennis are the rules for the sport of tennis. They are made by the International Tennis Federation (ITF). The USTA, as a member of the ITF, has agreed that the ITF Rules of Tennis apply to all USTA sanctioned tournaments.

ITF Tournaments on the National Adult and Family Tournament Schedule. The ITF Tournaments on the National Adult and Family Tournament Schedule are tournaments sanctioned by the ITF and USTA that are placed on the National Adult and Family Tournament Schedule. These tournaments are played under ITF Seniors Regulations, unless these requirements have been waived by the ITF, and count for Adult and Family ranking.

Lucky Loser. A Lucky Loser is a player who has lost in the final round of the qualifying draw but replaces a withdrawing main draw player. If there are many withdrawals from the main draw, a lucky loser may come from an earlier qualifying round.

Modified Feed-In Championship (MFIC). This term refers to a special form of consolation draw in which the losers from two or more rounds of the main draw are fed into the consolation draw. In Adult and Family Ranking Tournaments, the only form of Modified Feed-In that is used is one that feeds in the losers from the first two rounds.

National Adult and Family Tournament Schedule. This schedule is published yearly by the USTA Adult Competition Committee and the Adult Tennis Department and lists all tournaments sanctioned by the USTA Adult Competition Committee and ITF Tournaments that count for ranking.

National Standings List. This is a monthly standings list of players in each division used, when authorized, for selection and seeding. When it is used for a Closed tournament, it can be filtered to only include residents of a Sectional Association or District Association.

No-Ad Scoring. This is a scoring system that is the same as the traditional system except that when the score reaches 40-40, only one additional point is played to determine the winner of that game. In Mixed Doubles, a male server serves this point to the male receiver, and the female player serves this point to the female receiver. In all other events, the receiver chooses the side from which the server must serve.

NSL Rolling Period. The tournament results that take place during a specified period of time are used to calculate the standing and ranking lists. The NSL Rolling Period is the 52-weeks prior to the publication of National Standings Lists that is the specified period for these lists; except that as a result of the pause in USTA-sanctioned tournaments in 2020 as a result of COVID-19, an extended number of calendar weeks of results are included in the NSL Rolling Period to ensure that a full 12 actual months of results are a part of the calculation.

NTRP Rating. NTRP stands for National Tennis Rating Program. The system rates players by ability levels ranging from 1.5 to 7.0. Players must have a Computer NTRP Rating (C), Tournament Exclusive NTRP Rating (T), or a Self NTRP Rating (S) to play in an Adult NTRP Tournament.

“Open” Tournaments. Tournaments designated as “open” are open to all players, regardless of their residence. All tournaments are “open” unless the word “closed” is part of the title.

Place Playoff. A place playoff is a match that is played to determine a player’s final place in the tournament such as a third place playoff or a seventh place playoff in a Feed-In Championships.

Participation Points. Participation Points are ranking points that are earned in by participation in a tournament. Participation points are earned when a player plays at least one point in a tournament or wins all matches by reason of withdrawal, walkover, disqualification, and default.

Points Per Round. Points Per Round are the ranking points that are awarded for reaching specified rounds in a tournament.

Points Per Round Ranking System. This is a method of ranking players or teams that is based on earning ranking points for the round reached, and in some cases, for wins over highly ranked players or teams.

Qualifiers. Players included in the main draw as a result of their success in the qualifying tournament.

Qualifying Draw. A qualifying draw is a draw in which those players who advance far enough earn places in the main draw.

Quota. Each Sectional Association is guaranteed a minimum number of players who will be accepted into the USTA Level 1 National Championships in the Adult NTRP Divisions. This number is the Sectional Association’s quota. It is based on the number of Adult tournament players residing in the Sectional Association.

Ratings. Ratings are a system of categorizing or grouping players by their ability. Ratings are based on a player’s match results. NTRP is a USTA rating system that helps match opponents of similar skill levels. The USTA may require a specific rating system be utilized for determining eligibility in a level-based Adult Division.

Sanction Period. This is the period of time that a tournament has to complete all events in all divisions. It begins with the tournament start date and ends with the last day of the tournament. The sanction period is determined by the sanctioning body.

Section Level 4 Adult and Family Tournaments. See Closed Section Level 4 Tournaments.

Section and District Level 5 Adult and Family Tournaments. These are Adult and Family Ranking Tournaments sanctioned by the Sectional Associations that have been assigned a Ranking Level 5. Responsibility for sanctioning these tournaments may be delegated to a District Association. A limited number of these tournaments may be closed.

Short Sets. This is a scoring system in which the first player to win four games wins the set. If the score reaches 3-3, a 5-Point Short Set Tiebreak is played.

Single Elimination Format. In this tournament format, once you lose you are out and do not get to play any additional matches.

Suspension Point System. This is a system under which Adult and Family players are assessed points for unsportsmanlike behavior in USTA sanctioned tournaments and ITF tournaments played in the U.S. A player who accumulates too many points is suspended.

Timed Matches (Game Format). A Timed Match (Game Format) format consists of an ongoing set during which the players continue playing games until the end of the specified period of time. The player who has won the most completed games wins the match. If the game score is tied, the player ahead in the game in progress is the winner. If a game is not in progress or the score in the game in progress is tied, one final point is played to determine the winner. The player due to serve the next point shall serve the final point.

USTA Level 1 Adult and Family National Championship. These are the highest level of national Adult and Family Ranking Tournaments sanctioned by the USTA Adult Competition Committee that have been assigned a Ranking Level 1. Up to 4 may be sanctioned annually in each division.

USTA National Level 3 Adult and Family Tournaments. These are the third highest level of national Adult and Family Ranking Tournaments sanctioned by the USTA Adult Competition Committee that have been assigned a Ranking Level 3.

Walkover. A walkover occurs when there has been an administrative error or when a player decides not to play a match in an event because of injury, illness, or personal circumstance.

Waterfall. This is a method of distributing players into separate draws or teams so that each draw or team is of similar overall strength. For example, assuming there are four draws (A-D) with 16 players entered, the distribution would be:

DRAW A	DRAW B	DRAW C	DRAW D
1	2	3	4
8	7	6	5
9	10	11	12
16	15	14	13

The same principle can be used to waterfall players on to teams.

Wild Card. The selection process for USTA Level 1 Adult Open National Championships permits the awarding of a limited number of wild cards by the Tournament Committee.

Withdrawal. A withdrawal occurs when a player decides not to play all matches in the event because of injury, illness, or personal circumstance. A withdrawal also may occur because of tournament administrative error.
